COTAPLAN

## Modular for: **EDUCATION**

Quality learning  
Environments

Educational facilities are extremely important in today's world. With a population growth rate which is expected to reach 6 billion people by 2040, the need to develop areas of learning has never been higher.

Cotaplan specialise in three sectors and one of them is designing and constructing educational buildings, from nurseries and schools to colleges and universities. Having constructed educational buildings throughout the UK, we have the knowledge and expertise to provide quality construction with the quick turnaround you require for the least disruption as possible.

### WE PROVIDE FOR ALL AREAS OF EDUCATION

-  Nurseries
-  Colleges
-  Universities
-  Classrooms
-  Laboratories
-  Canteens

## Modular for: **WORK & INDUSTRY**

Professional  
working areas

Considering expanding, relocating or restructuring your business services? Are you looking for extra office space that's versatile, cost effective and eco-friendly?

Cotaplan are one of the leading manufacturers of modular office buildings in the UK. We offer bespoke, prefab office buildings that are constructed to meet and exceed your specific needs and requirements of your business. Whether you're looking for temporary prefab offices for hire or a more permanent modular office solution, Cotaplan can create a bespoke modular office building to suit your needs.
